

DSPS services are provided to students on an individual basis as student needs are identified.

To be eligible to the DSPS program you will need to complete:

- 1. Online Application**
- 2. Provide Documentation that verifies your diagnosis/ condition**

A student will be approved and assigned a counselor from DSPS. All communication will be via your IVC email and phone number.

When you have been approved:

- 1. Meet with your assigned counselor. The assigned counselor will be reviewing your Academic Accommodation Plan and assisting you with suggestive courses.**
- 2. You are required to meet with your counselor twice per semester.**
- 3. For any eligible services you will have to meet with your counselor at the start of each semester for a Faculty Notification to be sent to your instructors. *Failure to meet with your counselor could lead to no services being set-up for the semester and may result in your dismissal of the DSPS program.***

For any questions or to schedule an appointment you can contact DSPS at:

DSPS Building 2900
