

## CALIFORNIA MID-WINTER FAIR & FIESTA

March 3-12, 2017

### Would you like to volunteer?

Please contact Patricia Robles if you and/or your department/program would like to represent IVC at the fair booth.  
*(Volunteers will receive entrance and parking tickets)*

We highly encourage activities that welcome interaction with the public. We know you have great ideas!

For example:

- Nursing has offered blood pressure checks.
- Child Development has had fun hands-on activities for children.
- Robotics has shown robot demos.
- Fire Tech always shows up with all the cadets dressed in their uniforms and showcasing fire equipment, and much more.

*If you cannot volunteer on the day that your department/program signs up, you can request to volunteer any other day.*

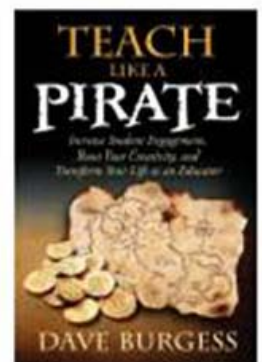

**Please contact Patricia Robles, Economic & Workforce Development  
760-355-6217 or Fax 760-355-6172**

### Tech de Mayo: A Teaching and Technology Festival

Featuring:  
Dave Burgess, author of  
"Teach Like a Pirate"

*More details coming soon!*

## SOLAR RIBBON CUTTING

In association with ZGLOBAL, a ribbon cutting took place on Wednesday, February 1, 2017 at 10:00 a.m. behind the 3200 building. Tours were provided.

## ACADEMIC SERVICES

**Congratulations to Director  
Becky Green!**

January 30, 2017

Dear Dean Silva,

This letter is written in appreciation and recognition of the passion and dedication of Becky Green to the mission of community colleges in California, our students and the field of child development/early care and education. Becky currently serves as CCCECE Treasurer and a Regional Catalyst.

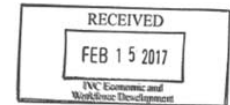

California Community College Early Childhood Educators (CCCECE) is a professional organization for Community College Early Childhood and Child Development faculty. The organization serves as the Early Childhood and Child Development Advisory Committee for the Community College Chancellor's Office meeting two times each academic year and is a liaison between the California Community College Chancellor's Office and the early childhood education and child development programs at CA community colleges. The CCCECE Executive Board disseminates public policy information statewide, monitors and makes recommendations for public policy action and promotes Community College early childhood education centers/ lab schools as primary and exemplary teacher preparation programs.

With the support of the Executive Board twice each academic year the Catalysts conduct Regional Meetings across the state of California to assist community college faculty in educating the child development/early care workforce in current child development theory and best practices, by providing a forum for information and dialogue and fostering cooperation, articulation and coordination amongst professionals in child development/early care and education in order to promote high quality early care and education programs throughout California.

Thank you for the opportunity to work with Becky,

Sincerely,

Sondra Moe, Ph.D.  
President, CCCECE  
Professor, Child Development/Education  
Rio Hondo College

**EXECUTIVE BOARD**

February 2017

## STATE UPDATE

- **Immigration Policy:** In the wake of the Trump Administration's Executive Order on Immigration, Chancellor Eloy Ortiz Oakley has reiterated the Board of Governors' commitment to support the values that our college system represents. His office continues to monitor the situation and will activate the Rapid Response Task Force if threats to our system warrant it.
- **Guided Pathways:** The Governor's \$150 million Guided Pathways budget proposal will provide one-time grants to colleges to integrate recent investments and redesign academic pathways in a way that promotes better course taking decisions and increase the number of students who earn a certificate or degree. The full details on the state program will be known in late June when the state budget has been finalized.
- **Integration of SSSP, Student Equity, and Basic Skills:** Later this month, the Chancellor's Office will roll out a new integrated model for the Student Success and Support Program, Student Equity Program, and Basic Skills Initiative. Under the redesigned program model, colleges will complete a single plan instead of three separate plans.

## 2017 ANNUAL TRUSTEES CONFERENCE
