April 2022

STATE UPDATE

AB 1705 (Irwin)

Would require that high school transcript be used as the primary means for determining placement in transfer-level English and transfer-level mathematics courses and narrow the use of multiple measures by colleges in the placement and enrollment of students so they do not restrict a student's ability to demonstrate preparedness for transfer-level coursework if a single measure would satisfy the requirement.

AB 1942 (Muratsuchi) Instructional Service Agreements

Would permit programs funded via instructional service agreements to be funded at the same rate as courses funded provided via the career development and college preparation rate.

AB 2637 (Rubio) Schools: Board of Registered Nursing

Would exempt nursing programs from BRN oversight that are either nationally or regionally accredited or are a public institution and that maintain a minimum pass rate of 80% on the nursing licensing exam regarding the following measures: Faculty standards, Enrollment level, Clinical placement.

AB 1505 (Rodriguez) Faculty Obligation Number

Would re-bench the faculty obligation number to reported Fall 2023 full-time faculty numbers and be adjusted annually after. League Position: OPPOSE

1752 (Santiago) Part-Time Faculty Member Pay

Would mandate that part-time faculty members receive compensation in at least an amount that bears the same ratio to the amount provided to full-time faculty members.

AB 1856 (Medina) Part-Time Teaching Load

Would increase the number of classes a part-time faculty member can teach and still classify as a part-time faculty member. The permitted course load would go from two-thirds of a full-time teaching load to up to 85%. Colleges would be required to assign these additional courses based on seniority and could be liable for Affordable Care Act mandated benefits.

AB 1746 (Medina) Cal Grant Reform

Would reform the state's Cal Grant system by matching eligibility requirements with Pell Grants, making it easier for non-traditional students to qualify for financial aid and simplifying the process in which students apply for Cal Grants.
